

# News Release

9 March 2025

## Celebrating International Women's Day Across Borders

On **8 March**, colleagues from across the globe - including as far afield as **Japan**, with our colleagues at Vantec Corporation joining us in celebrating **International Women's Day** under the powerful theme:

**"For ALL Women and Girls: Rights. Equality. Empowerment."**

International Women's Day is a globally recognised occasion to reflect on the progress made toward gender equality, peace, and development. Rooted in the legacy of suffragists and social movements advocating for women's rights, it is a day to honour the achievements of women - regardless of nationality, ethnicity, language, culture, or background.

At Vantec, we proudly stand with this mission. Our celebration was not just symbolic -it was a reaffirmation of our commitment to fostering an inclusive and equitable workplace where all women and girls are empowered to thrive.

### Purpose and Goals of Our Celebration:

- **To celebrate** the achievements of women in various fields across our organisation and beyond.
- **To raise awareness** about gender inequality and the challenges women continue to face worldwide.
- **To promote gender equality** and encourage action toward building a more inclusive and equitable future.

We thank all our colleagues who participated and helped make this day meaningful. Together, we continue to build a culture that values diversity, champions equality and supports empowerment for all.
