## And The Winner Is...

On Wednesday 17th April Renault Nissan held their annual Supplier Conference in Paris, during the conference they have an awards ceremony for various categories that certain suppliers are nominated for. This year VEU were nominated in the “Innovation and Agility” category along with 3 other suppliers. VEU were nominated for their initiative regarding the proposal to build a warehouse and for the ability to deliver the Warehouse in a record time.

VEU are very proud to announce that we were the recipient of the award, which is fantastic recognition for everyone involved in the activity both in Japan and here in the UK.
